Course Code: A071007P
Course Title: Dissertation

Objectives

Research skills are very important for sociological analysis.

Through this course,

in addition to the

theoretical input, an opportunity is given to the students to acquire research skills by undertaking

research project as a part of the academic activity.

This project course will help to:-

1. Develop the ability to conceptualize, formulate and conduct simple research projects.
2. Learn to assess the research studies and findings
3. Develop the skills for library work and documentation for research
4. Develop favorable attitudes for the integration of research and theory.
5. Develop logical thinking and critical analysis.

Guideline for Research Project:

A Student shall select the research topic

in consultation with the faculty member assigned as

Supervisor

or Guide

Or

Research Project Course and report the same to the Head of the

Department/College Principal in writing.

Topic of such research project shall be relevant to sociology course on the whole.

The topic of such research project shall be finalized only after the Department/College approves the

same

4. The tools of data collection should be finalized and data collection shall be completed by the mid of the

Semester

5. After going through Plagiarism test the student has to submit soft copy alongwith two bound copies

of Research Dissertation to the Head of the Department/College Principal on or before the last working

day of the Semester in a prescribed format.

6. Each student shall be compulsorily supervised in the Research Project by a faculty member. The

Supervisor will guide the student in methodology and the course of the study

7. The allotment of the students to a faculty for supervision shall be done by the Department Council.

8. Periodic individual conference. related to Research Project of each student. shall be conducted by the

Each student shall be required to take part in Class Room Presentations in the context of Research

Project. Assignments regarding such presentations (colloquium) shall be related to research methodology

and tools of research being developed by the student.

10. The student's performance in such assignments is considered in assigning the Internal Assessment

marks allocated for Research Project.

11. The type of research project (qualitative, quantitative or combined) should be based on the consensual

decision of both the student and the supervisor.

12. The sample size for quantitative research shall not be less than 50 respondents; and minimum of 10

cases if it is qualitative.

13. Not less than 4 class hours per week or 60 hours in the semester shall be spent by the student for such

Research Project

14. A total of 10 Credits shall be allocated to the Research Project Course.

15. The project course will be evaluated on the basis of the dissertation and the internal assessment

(Dissertation & Fieldwork= 50 + 50)
